

SteriSpine™ PS Pedicle Screw System

Simply Smart

COST EFFECTIVE • SAFE • EFFICIENT

Full Traceability

Instruments and implants are fully traceable, creating a safer process for patients and reducing risk for hospitals and surgeons

Eliminate Pre-Op Costs

Pre-op handling, wrapping and sterilization is eliminated, creating a more cost-effective process for the hospital

Surgical Technique Flexibility

Universal instrument kit provides everything necessary for open and MIS surgical techniques

Always New

Sealed, sterile kits are always complete with never used before instrumentation, eliminating the risk of damaged, unclean or missing instruments

Procedural Efficiency

Pre-loaded screw and set screw assemblies create a more simple and efficient OR experience

Eliminate Cross-Contamination Risk

Single-use and sterile instrument kit eliminates the risk of instrument cross-contamination

Eliminate Post-Op Costs

Post-op handling, cleaning and decontamination is eliminated, creating a more cost-effective process for the hospital

Always Surgery Ready

Instruments and implants are always clean, sterile, in perfect calibration and surgery-ready at a moment's notice, increasing OR staff efficiency

Fast OR Turnaround

Lightweight, sterile and traceable kits enhance OR team efficiency by eliminating replenishment and processing delays between cases

Surgeons finally have a choice: Continue using outdated traditional pedicle screw systems – or experience the SteriSpine PS Pedicle Screw System that is always clean and sterile, always complete and in calibration, and ready at a moment's notice.

The SteriSpine PS Pedicle Screw System from Safe Orthopaedics completely eliminates many of the drawbacks from traditional systems with its unique design for one-time use. This innovative approach offers decided advantages for the surgeon, hospital and patient by significantly reducing cost, heightening patient and staff safety and enhancing efficiency. State-of-the-art technology provides for superior patient care, while enhancing the surgeon/hospital relationship to better manage resources and achieve significant cost savings.

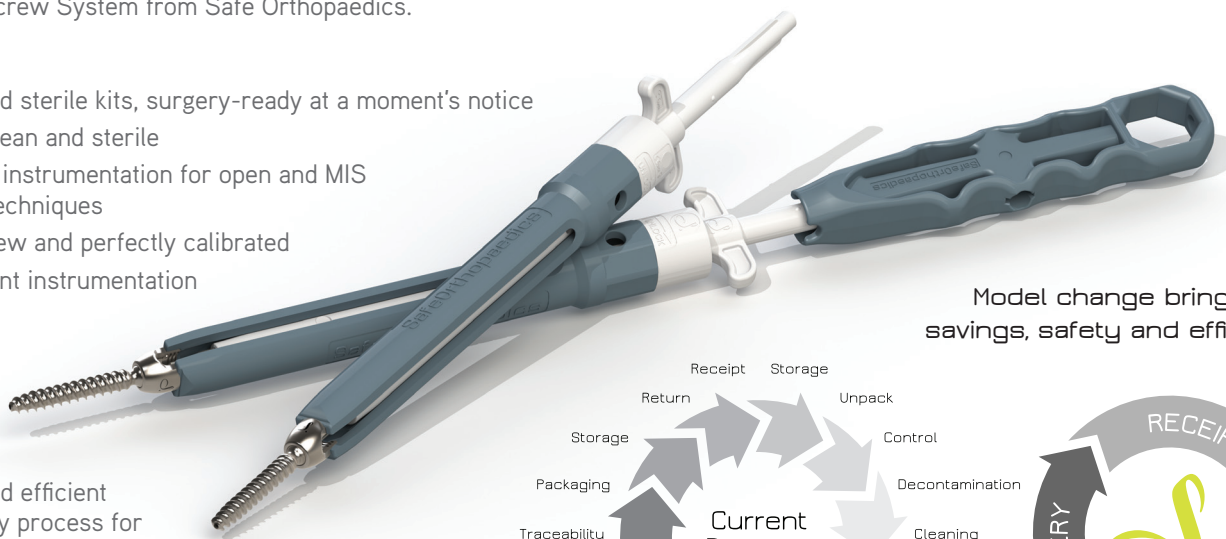

SteriSpine™ PS

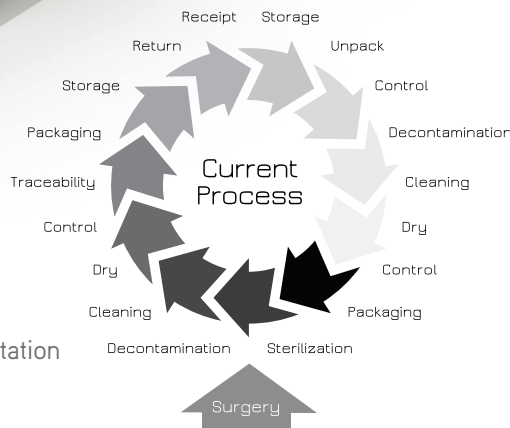

Pedicle Screw System

The SteriSpine PS Pedicle Screw System is manufactured in a zero toxin process using next-generation materials so the system is environmentally efficient. State-of-the-art design requires fewer, lighter instruments. This further reduces costs without sacrificing product quality or surgical flexibility. It's time to experience the simpler, smarter choice for pedicle screw fixation: the SteriSpine PS Pedicle Screw System from Safe Orthopaedics.

- Sealed and sterile kits, surgery-ready at a moment's notice
 - Always clean and sterile
 - Complete instrumentation for open and MIS surgical techniques
 - Always new and perfectly calibrated
 - Radiolucent instrumentation
-
- Simple and efficient traceability process for all implants and instruments
 - Enhanced patient and staff safety
 - Reduced process, handling and inventory costs
 - Faster OR turnaround
 - Sealed kits eliminate lost, damaged and stolen instrumentation

Model change brings cost savings, safety and efficiency

Catalog Information

The SteriSpine PS System consists of an Instrument Kit, Screw Kits (with two screws and two set screws per kit), and Rod Kits (with two rods per kit).

Screw Kits*	
Ref#	Description
KITMC535	KIT of 2 CANNULATED MULTI-AXIAL SCREWS Ø5.5 x 35mm
KITMC540	KIT of 2 CANNULATED MULTI-AXIAL SCREWS Ø5.5 x 40mm
KITMC635	KIT of 2 CANNULATED MULTI-AXIAL SCREWS Ø6.5 x 35mm
KITMC640	KIT of 2 CANNULATED MULTI-AXIAL SCREWS Ø6.5 x 40mm
KITMC645	KIT of 2 CANNULATED MULTI-AXIAL SCREWS Ø6.5 x 45mm
KITMC650	KIT of 2 CANNULATED MULTI-AXIAL SCREWS Ø6.5 x 50mm
KITMC735	KIT of 2 CANNULATED MULTI-AXIAL SCREWS Ø7.5 x 35mm
KITMC740	KIT of 2 CANNULATED MULTI-AXIAL SCREWS Ø7.5 x 40mm
KITMC745	KIT of 2 CANNULATED MULTI-AXIAL SCREWS Ø7.5 x 45mm

Screw Kits also available in non-cannulated format

Rod Kits*	
Ref#	Description
KITRMI535	KIT of 2 PRE-BENT RODS Ø5.5mm x 35mm
KITRMI540	KIT of 2 PRE-BENT RODS Ø5.5mm x 40mm
KITRMI550	KIT of 2 PRE-BENT RODS Ø5.5mm x 50mm
KITRMI560	KIT of 2 PRE-BENT RODS Ø5.5mm x 60mm
KITRMI570	KIT of 2 PRE-BENT RODS Ø5.5mm x 70mm
KITRMI580	KIT of 2 PRE-BENT RODS Ø5.5mm x 80mm
KITRMI120	KIT of 2 STRAIGHT RODS Ø5.5mm x 120mm
KITRMI180	KIT of 2 STRAIGHT RODS Ø5.5mm x 180mm

Instrument Kit*	
Ref#	Description
KITANCMIS	OPEN / MIS INSTRUMENT KIT

* Kit weight - 2 kg/4 lbs
