Since 2005

Osimplant has been founded in Ankara in 2005 for providing best spinal implants and services for healthcare professionals.

Compliance

Osimplant quality system has been built to fulfill compliance for secure use of our implants; ISO 9001, ISO 13485 and 93/42/EEC

Continuous Improvement

Providing high quality spine surgery implants and services with regard to the needs of the domestic and global markets have been a priority and a passion for Osimplant. Today, Osimplant develops, manufactures, exports, imports, markets, distributes, and sells a diverse portfolio of medical devices, supplies, and accessories.

Customer-centric Approach

Creating a positive experience for our audience through all customer journey is our promise to the market. All Osimplant procedures have been designed for continuously improving service and product quality, expanding product diversity. Providing new products to the market by focusing on quality, innovation and simplicity is our primary mission.
